

# PARC Swim

## Safety Signs around PARC

### The Pool Rules

The pool rules are located at the entrance to the pool hall and outline the rules that all patrons should follow when using the pools. Some of these rules include no running, jumping or bombing.

### The Pool Zones

The pool zones are located near the pools to help all swimmers understand the depths of the pools and the swimming ability required to enter each zone.

### Tiled signs

Each pool has a tile showing the depth of the pool and indicates if diving is permitted

### Safety Signs

Safety signs are located in various locations around all the pools, these signs show the depth, dangers and supervision requirements.

**Watch Around Water**  
The Watch Around Water policy is located near the pool to remind patrons of the requirements of supervision for all children while using the pool, depending on their ages.
